1969 PONTIAC GTO JUDGE: LEAD PRODUCTION CAR DECLARATION

Al Diaz · Framingham car 242379G125205 · Dealer order number 00017 · Sales code 554, The Judge

In July 2026, Al Diaz named VIN 242379G125205, built at Framingham, as his lead car among the five DON 00017 cars on file. “Lead” and “earliest” are Al Diaz’s stated position and are labeled **Hypothesis** under Research Standards and Evidence Policy v1.0. Here “lead” means the earliest invoice date, 01/30/69, and the earliest cowl week, 01B, among these five cars only. It does not mean the first Judge built nationwide. The five cars came from different plants and went to different zones, one car per zone.

What the papers on file show for 242379G125205 — Documented fact, Tier 2 PHS copies and the owner’s original broadcast sheet:

A question mark marks a character that cannot be read on the copy. Invoice numbers are PHS invoice numbers, not body sequence numbers. Readings for cars 2 to 5 come from copies of other owners’ papers; the Atlanta invoice for 242379A119165 is the copy shown in the Street Dreams Texas sale listing for that car. Cowl tags for cars 2 to 5 do not print the VIN; their match to each car follows the owner’s or seller’s identification and is a Corroborated interpretation.
